

Prairie WindFields Wind Farm Will Contribute to the Community:

- Increased tax revenue to the RM of Morse
- Up to 300 temporary construction jobs
- 8 - 12 permanent maintenance jobs
- Infusion of \$2 - 5 million in consumer spending such as hotels, food, retail within surrounding communities

Prairie WindFields Corporation has committed to contribute a portion of revenue of the electricity sales towards a community project. In the past, revenue from ABO Wind projects have funded a new kindergarten, playgrounds, hiking trails, tourist attractions etc.

Construction jobs

Before the turbine can be erected, a foundation is built

Tax revenue for the municipality

A new kindergarten in a village in Germany, financed by the wind turbines in the background

Permanent maintenance jobs

A wind turbine requires safety tests, electrical checks and other maintenance

Contribution to community project

Suspension bridge Geierlay in Germany, partly financed by an ABO Wind wind farm
